If a promoter is putting on the event, the rider must notify the promoter 30 days prior to the event their intention to work the event and receive points. The club or promoter referee is responsible for awarding worker points and point person for any discussion between riders and enduro director regarding points. If the club promotes additional events the working member will receive points equal to rider's average of events ridden. To receive worker points one must work 16 hours or above the day of the event. To figure out the average, riders will take total events for the season less events worked and divide into total points scored"

"Clubs have option to add 35 points for multi day working or 30 points for event only working"

If a temporary number is assigned on event day, all other numbers must be covered completely. Riders must ride with their assigned numbers to receive District 17 points.

Riding numbers, Number plate background "colors", and number "colors" are recommended and regulated by the DSCC and **NOT** a rule that a rider can protest on a competitor. Numbers must be block style with no overlapping or outlining and must be readable from 100 feet, at the referees discretion, a rider may not be scored.

Section 10: Hare Scrambles and Enduro advancement from "A" to "AA" to be done by District 17.

If a rider is AA in Hare Scrambles and Enduro then he or she must ride all like events as an AA rider. If a rider self-advances at one type of an event, then he or she becomes AA classified at all events. To drop out of the AA class, one must request in writing to District 17 (appropriate director) asking to be dropped down in class from the AA class.

Section 11: The point system governing the issuance of points shall run from December 1 thru November 30. (except where stated otherwise)

Section 12: A. Only "A" riders will be allowed to compete for cash prizes in Semi-Pro events. B. Professional Expert licensed riders will not be eligible for DSCC points or awards. C. Pro AM or Pro Sport riders are eligible to compete in and receive awards in District 17 events.

Section 13: No points will be paid unless the participant is registered with DSCC on the day of the event. If the participant is registered with DSCC and ride in a class other than the one registered on the District card, points will be awarded if the member takes out a number in that class, but no more than two events will be so credited. Points will be paid by finishing position in the class; i.e., 4th place finish get 4th place points. Any points accumulated in any class shall be retained until the end of the year for awards recognition. **All points based on riders legally entered in a specific class. If they are disqualified or deemed not legal for the class, then points will be adjusted so that only legal participation is considered in totals. The score of a race can be adjusted after a race by the director with the permission of the referee of the day in order to adjust any clerical errors. (Points requirements are listed at the end of this rule book.)**

Section 14: The Event Director has the authority to recommend for suspension to the Club Council and the AMA any rider guilty of unsportsmanlike conduct or riding.

Section 15: Point accumulation for points awards are from the D-17 Point schedule unless otherwise noted in that disciplines rules. RIDER ADVANCEMENT

Riders will receive advancement points for participation in all District 17 dirt track events. Advancement points will calculate a Rider Performance Value (RPV) to advance riders to 450 A classification. Advancement will be based on results earned within a single season. To be considered for advancement a rider must have a minimum of six points-paying finishes. Race results that have a DNF, DNS or zero advancement points are not to be used for purposes of calculating a rider's advancement RPV. All B riders carrying an RPV of 12 or higher at year-end will be advanced to the A class. Riders winning a B-class District championship will automatically be advanced to the A class. RPV calculation- Combine all RPV points earned, divided by the number of B class entries.
